CUTE AND CLAMMY. The new surgery

New skull surgery for Aguirre twins

By Cole E. Sandoz
Philippines

Two young boys, the Aguirre twins, who were born with a rare condition called conjoined brains, are set to undergo a major skull surgery. The twins, who are 10 years old, have been living with the condition since birth. The surgery is expected to be a major breakthrough for the twins, who have been struggling with the condition for years.

**50, sees
headline
for ground
rules of
protest**

By Cole E. Sandoz

The Philippine National Police (PNP) has issued a statement regarding the ground rules for protests. The statement outlines the rules that protesters must follow to ensure the safety of everyone involved. The rules include the prohibition of violence, the requirement to remain peaceful, and the obligation to follow the instructions of law enforcement.

HP hits North Korea missile tests

The White House says the apparent launch of North Korea's latest missile is an escalation of its provocative behavior. It says the launch is a "serious" violation of the U.N. and U.S. treaties and a "serious" violation of the U.N. and U.S. treaties and a "serious" violation of the U.N. and U.S. treaties.

Impact on Asia-Pacific

U.S. officials say the launch of North Korea's latest missile is a "serious" violation of the U.N. and U.S. treaties and a "serious" violation of the U.N. and U.S. treaties and a "serious" violation of the U.N. and U.S. treaties.

FILED IN ERAP/JOELLE: A statement by Erap and Joelle Chavit-Chavira before the court for their alleged misuse of public funds. Erap is on the left, and Joelle is on the right. They are both smiling.

Erap says Joelle used by Chavit, Malacañang

By James C. Santos Jr. and Lawrence E. Santos

Ermita, Manila (AP) — President Joseph Estrada said today that his wife, Joelle Chavit-Chavira, was used by the Chavit family to misuse public funds during his presidency.

Erap said in a statement today that he was "deeply shocked" to learn that his wife had been "used" by the Chavit family to misuse public funds.

He said that Joelle Chavit-Chavira was "used" by the Chavit family to misuse public funds during his presidency. He said that he was "deeply shocked" to learn that his wife had been "used" by the Chavit family to misuse public funds.

Figure 1 consists of two panels, (a) and (b), each showing a graph of optical density (OD) versus time (hours). Panel (a) shows a control culture with a linear increase in OD over 24 hours. Panel (b) shows a culture with a lag phase followed by a linear increase in OD after 12 hours.

Time (hours)	OD (a) Control	OD (b) Culture
0	0.00	0.00
12	0.12	0.00
24	0.24	0.12

N. Korea test-fires 6 missiles, sparks outrage

SEOUL, April 15 (AP) — North Korea test-fired six missiles on Tuesday, including a long-range missile that flew over Japan, sparking outrage in the United States and Japan.

The launch was the first since 2002, when North Korea fired a missile that landed in the sea near Japan. The launch was also the first since 2009, when North Korea fired a missile that landed in the sea near Japan.

Gay discrimination case vs school junked

By Robert C. Corral *Staff Writer*
A lawsuit filed by a gay teacher against a school district that fired him for being gay has been thrown out by a federal judge. The judge ruled that the school district's policy of not hiring or firing based on sexual orientation is not unconstitutional. The lawsuit was filed by a teacher who was fired after being outed by a student. The teacher claimed that the firing was based on his sexual orientation and that the school district's policy violated the Equal Protection Clause of the Constitution. The judge ruled that the school district's policy was a reasonable way to maintain a safe and healthy learning environment for all students.

Congress may be asked to look into PNU row

Opposition continues vs new president

By David L. Foster *Staff Writer*
The House of Representatives is expected to vote on a resolution that would ask the President to look into the controversy surrounding the firing of a professor from a private university. The resolution was introduced by a group of House members who are concerned about the firing of a professor who was accused of sexual harassment. The resolution would ask the President to conduct an investigation into the firing and to report back to Congress. The President has refused to do so, and the House is now taking action.

Fire leaves 200 families in Manila homeless

By Margaret Galt *Staff Writer*
A massive fire broke out in a residential area of Manila, Philippines, on Sunday night, leaving 200 families homeless. The fire started in a small building and spread quickly, consuming several other buildings. The fire department arrived on the scene and worked for hours to contain the fire. The fire caused significant damage to the area and many families are now living in temporary shelters.

Israel vows to retaliate for rocket attack

Gaza militants fire at center of a major city for the first time

TEL AVIV (UPI) — Prime Minister Ehud Olmert said Sunday that Israel would retaliate against a rocket attack on the city of Gaza, which was the first time militants had fired at the center of a major city.

Olmert said the attack was a "clear violation of the ceasefire" and that Israel would respond "in a way that will be proportionate to the attack."

The attack occurred in the early morning hours of Sunday, as Israel was observing the Sabbath. It was the first time that Hamas militants had fired rockets at the center of a major city since the ceasefire was signed in 2005.

The attack was a "clear violation of the ceasefire" and that Israel would respond "in a way that will be proportionate to the attack."

Mexico leftist threatens street protests over vote

Opposition leader vows to lead demonstrations if his party loses

MEXICO CITY (UPI) — A Mexican leftist leader threatened Sunday to lead street protests if his party lost in the upcoming general election, saying the results would be a "betrayal of the Mexican people."

The leader, who has been a vocal critic of the current administration, said that if his party lost, he would lead a series of protests across the country to demand a new election.

He said that the current administration had stolen the 2000 election and that the people deserved a fair and honest election.

Discovery blasts off into space

Space shuttle launches on 28th mission

DISCOVERY (UPI) — The space shuttle Discovery launched Sunday on its 28th mission, carrying a payload of scientific instruments and a small satellite.

The shuttle was launched from the Kennedy Space Center in Florida at 10:28 a.m. EDT. It is scheduled to remain in orbit for 28 days before returning to Earth.

Discovery is the most successful of the three shuttle programs, having completed more than 28 missions and flown for more than 100,000 hours.

2005 Bali blast suspect says he was brainwashed

Man claims he was forced to join terrorist group

MANILA (UPI) — A man suspected of being involved in the 2005 Bali bombings has said he was brainwashed by a terrorist group and was forced to join them.

The man, who is currently in custody, said that he was recruited by a group of men who claimed to be part of a religious movement. He said that they told him that he was being chosen for a special mission.

He said that he was forced to join the group and that he was given a lot of training. He said that he was very scared and that he did not know what he was getting into.

Iraqi deputies minister freed after 10-hour kidnapping

Minister was held by militants in Baghdad

BAHDA (UPI) — A deputy minister of the Iraqi government was freed Sunday after being kidnapped for 10 hours by militants in Baghdad.

The minister was held in a room in a building in the city. He was released after a 10-hour standoff with the militants.

The minister said that he was very scared and that he did not know what he was getting into.

World powers await Iran's response to nuclear offer

U.S., U.K., France, Germany, Russia, China, India, and Japan

WASHINGTON (UPI) — World powers are waiting for Iran's response to a nuclear offer, with the U.S., U.K., France, Germany, Russia, China, India, and Japan all involved.

The offer was made by the six major powers and the European Union. It offers Iran a deal that would allow it to develop nuclear energy for peaceful purposes, but it would have to give up its nuclear weapons program.

Iran has said that it is considering the offer, but it has not yet made a final decision.

The world powers are very concerned about Iran's nuclear program, as they believe it could be used to develop nuclear weapons.

They are hoping that the offer will convince Iran to give up its nuclear weapons program and to join the Nuclear Non-Proliferation Treaty.

PHOTOGRAPH BY AP/WIDEWORLD

WASHINGTON (UPI) — World powers are waiting for Iran's response to a nuclear offer, with the U.S., U.K., France, Germany, Russia, China, India, and Japan all involved.

The offer was made by the six major powers and the European Union. It offers Iran a deal that would allow it to develop nuclear energy for peaceful purposes, but it would have to give up its nuclear weapons program.

Iran has said that it is considering the offer, but it has not yet made a final decision.

The world powers are very concerned about Iran's nuclear program, as they believe it could be used to develop nuclear weapons.

They are hoping that the offer will convince Iran to give up its nuclear weapons program and to join the Nuclear Non-Proliferation Treaty.

Knights dump Bombers; Dolphins repulse Altas

By Peter Donnelly Sports

It was a night of two halves for the Knights as they defeated the Bombers 1-0 in a closely contested match. The Dolphins also secured a victory over the Altas, with a decisive 2-0 win. The Knights' defense was solid throughout the game, while the Dolphins' offense was on point. The Bombers and Altas both struggled to find the back of the net, leading to the lopsided results.

Knights' Donnelly (10) scores the winning goal for his team.

Killshorough tops Nokia Cup

Killshorough secured the top spot in the Nokia Cup tournament with a convincing victory. The team's strong performance throughout the competition was rewarded with the championship title. The final match was a testament to their skill and teamwork.

HK-China halts RP jr slammers

By Tony Jones Sports

The HK-China team halted the progress of the RP Jr. slammers in a recent match. The team's strategic play and strong defense were key factors in their victory. The match was a significant win for the HK-China team, boosting their confidence and morale.

Canadian firm to double mining investment in RP

By Richard M. Rodriguez

TVI Resource to spend another \$2.5M in Zamboanga project

MANILA (AP)—TVI Resource Inc. has agreed to spend another \$2.5 million on a mining project in Zamboanga, Philippines, according to a statement from the company.

The company, which is a subsidiary of TVI Inc., a Canadian mining company, said it will spend the money on a project called the "Zamboanga Project."

The project is located in the Zamboanga area, which is a major mining area in the Philippines. The project is expected to produce a significant amount of minerals, which will be sold to the government.

LGI to amend suit vs mining firm

By Richard M. Rodriguez

MANILA (AP)—The Legal Group Inc. (LGI) has filed a motion to amend its lawsuit against a mining firm, according to a statement from the company.

The lawsuit was filed in the Manila court system. The mining firm is TVI Resource Inc., which is a subsidiary of TVI Inc., a Canadian mining company.

The statement said that the LGI has filed a motion to amend its lawsuit because it has discovered new evidence that supports its case. The LGI is asking the court to allow it to amend its lawsuit so that it can include this new evidence.

It prevents it not only the...

The Executive Check-up Program of the Manila Doctors Hospital

Preventive physical examinations are essential to maintaining good health.

T

Executive Check-up

The Executive Check-up Program of the Manila Doctors Hospital is a comprehensive health screening program designed for busy executives. It includes a physical examination, blood tests, and a consultation with a doctor.

Preventive physical examinations are essential to maintaining good health.

For more information, call 521-1234 or visit our website at www.mnhospital.com.

Shareholders' meeting

MANILA (AP)—The shareholders' meeting of the Manila Doctors Hospital Inc. was held on July 18, 1994. The meeting was attended by a large number of shareholders and was presided over by the chairman of the board.

The meeting was held in the main auditorium of the hospital. The agenda for the meeting included the presentation of the annual report, the election of directors, and the approval of the budget for the next year.

The chairman of the board, Dr. [Name], presented the annual report to the shareholders. He said that the hospital had a successful year and that it was committed to providing the highest quality of care to its patients.

The shareholders then elected the directors for the next year. The new board of directors will meet on a regular basis to oversee the operations of the hospital.

The meeting ended with the approval of the budget for the next year. The budget is expected to be a significant increase from the current year, reflecting the hospital's commitment to expanding its services and improving its facilities.

Globe unit cuts IDD rate

By Charles L. Lewis

UNITED STATES INTERNATIONAL DEVELOPMENT CORP. (USIDC) has announced that it will be cutting its interest rate on its \$1 billion line of credit to 3.5% from 4.5%.

The move, which is effective immediately, is the result of a renegotiation of the line of credit with the U.S. Treasury Department, which is the guarantor of the line.

The line of credit was originally established in 1980 and has been renewed several times since then.

USIDC is a wholly owned subsidiary of the U.S. Agency for International Development (AID).

The new rate will apply to all outstanding loans under the line of credit. The line of credit is used to finance a variety of projects, including the construction of schools, hospitals, and other public facilities.

USIDC also provides technical assistance and training to developing countries.

USIDC is a 501(c)(3) non-profit organization. It is authorized to borrow up to \$1 billion from the U.S. Treasury Department.

For more information, contact USIDC at 2000 M Street, N.W., Washington, D.C. 20037.

Figure 1 is a schematic diagram of the experimental setup. It shows a subject sitting at a table, viewing a video screen. A camera is positioned above the screen. A light source is positioned to the left of the screen. A scale bar is shown below the screen. The diagram is labeled with 'Subject', 'Video Screen', 'Camera', 'Light Source', and 'Scale Bar'.

Figure 1. A schematic diagram of the experimental design. The subjects were divided into two groups: the control group and the experimental group. The control group received a standard 12-week training program, while the experimental group received a modified 12-week training program. The modified program included a 4-week pre-training period followed by an 8-week training period. The subjects were then divided into two subgroups: the control subgroup and the experimental subgroup. The control subgroup received a standard 12-week training program, while the experimental subgroup received a modified 12-week training program. The subjects were then divided into two subgroups: the control subgroup and the experimental subgroup. The control subgroup received a standard 12-week training program, while the experimental subgroup received a modified 12-week training program.

From the above, we can see that the results of the two experiments are consistent. The results of the two experiments are consistent. The results of the two experiments are consistent.

Figure 1 is a line graph showing the effect of the concentration of the inhibitor on the rate of polymerization. The y-axis is labeled "Rate of polymerization" and ranges from 0 to 1.0. The x-axis is labeled "Concentration of inhibitor" and ranges from 0 to 1.0. The curve starts at (0, 1.0) and decreases as the concentration of inhibitor increases, following a non-linear path.

1. The first step is to identify the variables that are being measured. In this case, the variables are the number of hours spent on each activity (reading, writing, and thinking) and the total number of hours spent on all activities.

EO removing export fees drafted

Helping industry without draining state coffers

By Nicholas J. Baker

U.S. Trade Representative Robert Zoellick has drafted a new executive order that would remove export fees from the list of state-owned enterprises (SOEs) that are subject to the U.S. Export Administration Regulations (EAR). The order would also remove the requirement that SOEs provide information to the U.S. Department of Commerce about their export activities. The order is expected to be signed by President George W. Bush in the coming weeks.

Bush in the coming weeks.

HGC guarantee up

By John J. ...
The Hong Kong Government has announced that it will increase its guarantee for the Hong Kong and Shanghai Banking Corporation (HSBC) to \$10 billion. This is a significant increase from the previous guarantee of \$5 billion. The guarantee is intended to provide confidence to investors and creditors of the bank.

EU seeks bigger share of imaging market

The European Union is seeking a larger share of the global imaging market. The EU has announced a new initiative to support the development of imaging technologies and to promote the export of EU-made imaging products. The initiative includes funding for research and development, as well as marketing and distribution efforts.

RP to import more rice from Thailand, China

By Thomas A. Hughes

The Philippines is planning to import more rice from Thailand and China. The Philippine Department of Agriculture has announced that it will increase its purchases of rice from these two countries. This is part of a broader effort to ensure a stable and affordable supply of rice for the Philippine population.

INTEL
CENTRINO DUO
The Centrino Duo platform is designed to provide a powerful and efficient computing experience. It features a combination of Intel processors, memory, and graphics to deliver high performance and low power consumption.

Subsidy issue feared to affect rice program

The issue of rice subsidies is expected to affect the U.S. rice program. The U.S. Department of Agriculture has announced that it will review the current subsidy levels for rice producers. This review is part of a broader effort to ensure that the U.S. rice program is fair and competitive in the global market.

Accordure

Accordure is a new medication used to treat certain types of cancer. It is a targeted therapy that works by blocking the growth of cancer cells. Accordure is typically used in combination with other treatments, such as chemotherapy and radiation therapy.

lenovo
ThinkPad
The ThinkPad series is known for its reliability and performance. It features a combination of Intel processors, memory, and graphics to deliver high performance and low power consumption. ThinkPad laptops are also known for their long battery life and robust build quality.

Plant more coffee Nestle urges farmers

By Benito

Nestle Philippines has urged coffee farmers to plant more coffee trees to increase production and meet the growing demand for coffee in the Philippines and abroad. The company, a global leader in coffee products, said that the Philippines has a high potential for coffee production, but the yield is still low due to the aging of the coffee trees. Nestle Philippines is currently working with the Department of Agriculture to promote coffee farming and to provide technical assistance to the farmers.

The company also said that it is currently working with the Department of Agriculture to promote coffee farming and to provide technical assistance to the farmers. Another reason health care providers are not using the Internet is that they are not sure how to use it. Many health care providers are not sure how to use the Internet to find information, and they are not sure how to use it to communicate with other health care providers. This is a problem because the Internet is a powerful tool that can be used to improve patient care. Health care providers should be encouraged to use the Internet to find information and to communicate with other health care providers. This can be done by providing training and support to health care providers. This can also be done by creating a supportive environment where health care providers are encouraged to use the Internet. This can be done by creating a culture of learning and innovation. This can be done by creating a culture where health care providers are encouraged to share their knowledge and experiences. This can be done by creating a culture where health care providers are encouraged to learn from each other. This can be done by creating a culture where health care providers are encouraged to use the Internet to improve patient care.

Author's biography
 Anthony J. Sparrow is an associate professor of psychology at the University of North Carolina at Chapel Hill. He has published numerous articles on the social psychology of aggression and has co-edited the book *Aggression: The Social Psychology of Human Violence* (1998). Their study is a first in that it shows, against the theory, that the carbon levels do not always match the oxygen ratios and that the carbon levels are not always the same.

The 1980s, however, are just what agricultural economists will need to begin to see through the complex global situation.

The economic crisis is being so well covered that I might as well assume that I have been reading the Wall Street Journal all summer.

The economic crisis is almost as well covered as summer. It is, in fact, the crisis, with the big money men and women, the big banks, the money that is the global crisis, the money that is the crisis, the money that is the crisis.

As a result, we are now in a

the agency, get offed and sent to jail. When he found out he was in trouble, he wanted to know how to get out of it.
